DETROIT ASSOCIATION OF REALTORS®

WHAT IS AN AFFILIATE MEMBER?

An Affiliate member of the Detroit Association of REALTORS® is a member

That is not actively involved in the listing, leasing, or sale of real estate.

Examples of our Affiliate members are loan officers from the various lending

Institutions (banks and mortgage companies); representatives of Title

Companies; insurance agents; home improvement and home inspection

Company employees; and others involved directly or indirectly in the real

Estate industry or the sale of a product to real estate professionals.

Appraisers can either be full Realtor® members or Affiliate members.

Affiliate members typically do not have real estate licensees.

BENEFITS OF AFFILIATE MEMBERSHIP IN THE DAR

Affiliate members of the DAR have a chance to network with other members

Of the Detroit Association of REALTORS®. Affiliate can join other Real

Estate professionals and speak in one united voice about the concerns we all

Have for the Detroit real estate market. The Affiliates also have the Benefit

Of being able to communicate with the Association through our Newsletter and

Other resources. They are entitled to attend our educational Seminars and

Other programs as well as join a committee. Basically, they have the same

Benefits of membership as our REALTORS®. In fact, the Detroit Association

Of Realtors® is unique in that we have Affiliates on our Board of Directors.
